92 Years of Service

Senior Saints Ministry

One of the fastest growing segments of our population are those who are senior citizens. It has created volumes of information regarding the "graying of society." This group of people have concerns unique to only them and they are facing many of these concerns without support from others. Among those needs are those age-related, financial stresses, health issues, companionship among others. Churches have never faced these problems with generations, therefore, are often unprepared to meet the concerns. The 36th Street church has decided she wants to be of assistance to these precious folk.

To do this we are beginning a pilot ministry to meet the unique needs mentioned above and others unknown at this time. The elders have asked that I give my attention to this need and I am thrilled to do so. Beginning October 1, 2016, I will begin working part time in this new ministry. Currently I am assembling a group of five or six to serve in an advisory capacity as we develop this effort. This will not be a work built around monthly meetings, programs, etc, but one to offer assistance in problem solving. It is hoped we will not only be helping those with specific problems, but also those who are caregivers. I have already searched for and received commitments from Christian family counselors to provide professional help when requested.

Your constant and fervent prayers are solicited! Please, understand this ministry will not affect our very active and effective Young At Heart ministry led so ably by John and Shirley Eckhart. Our target group will be those who have reached an age or situation where involvement in YAH is difficult.

- Bill Butterfield

Our God is Awesome!

What does it take to amaze you these days? What makes your mouth open in wonder? Is it the newest technological developments as man continues to push beyond scientific limits? Or do we have to rely on Hollywood to impress us with more fantastic and bizarre scenes and story lines?

Acts 2:43 tells us that in the Jerusalem church "everyone was filled with awe." The context implies that they were in awe of God and the way He was working in their congregation, not only through signs and wonders, but also through changed lives and answered prayers.

Webster defines awe as "a mixed feeling of reverence, fear and wonder, caused by something majestic, sublime, sacred, etc." If we consider the power and the glory, the love and the grace of God, how could we not be filled with awe?

Did the awe of the Jerusalem church play a part in the fantastic rate of growth they experienced? I believe their attitude toward God helped them influence their friends and neighbors to become Christians. If we are filled with reverence, fear and wonder by God and what He has done for us through His Son Jesus Christ, we will not be able to avoid sharing those feelings with the people around us.

Let us devote ourselves to the apostles' teaching and to the fellowship, to the breaking of bread and to prayer, so that we might renew our awe of God, and thus be more effective workers for Him.

Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen."

- Ephesians 3:20
