

## A Thought From Mark...

I'm reading a great new book by brother Harold Shank, which I highly recommend to you, entitled *God-Works*. The title is as good a description of its contents as I could give it. Do you believe God works? Do you think He is still working? In your life? In your church? In your country?

Jesus was quite definitive in His day that God was working. In one of His many conflicts with the religious leaders of His day, Jesus said, as recorded in John 5:17 -"*My Father is working until now, and I am working.*" I see no indication in Scripture that the power of that statement of our Lord is no longer in effect. God is working. Jesus is working.

Sometimes it is hard perhaps for us to see the workings of God and His beloved Son. We live in a culture now seemingly on a death march towards total secularism and ungodliness. We are surrounded by people uninterested in God and His Word, or at best so totally distracted by the cares of the world so as not to be able to see spiritual truth. It may appear God is no longer working in our place and time.

Be assured that He is. He always has. He always will. Outward signs of His work may be more apparent in other places: Africa, Asia, South America. We hear of the increase of the spread of the gospel in these places and long for it to occur where we live, among our neighbors. In Africa, it is said that in the last 100 years or so, the number of people who profess faith in Jesus has increased from 9 million to 541 million. That is incredible!

We support a mission work in Africa as a church that is exciting and full of potential. Perhaps we should all be more aware and more in prayer concerning what our brother Geoffrey is doing among people who are hungry for God's Word and interested in God's Son. Maybe our eyes should be looking at a broader horizon than just our own backyard. Not that we should give up on or neglect our neighbor, but we need to be assured that God is indeed working until now, and we are working!

### From Room 224...

All of you know I have spent the past 22 days either in the hospital or in rehab. Your constant encouragement has been greatly appreciated. Many, many of you have called, sent cards on multiple occasions, and visited with me personally. Each of your efforts has been a blessing to me!

I have wondered numerous times over the past three weeks regarding the reason or reasons for my life to have changed so drastically in such a short amount of time. I have concluded God does work in mysterious ways to perform His wonders. He, also, uses numerous means to teach valuable lessons to those who will listen! I can only say, "Lord, I have heard you loud and clear!" I feel a bit like Paul in prison in Rome only to discover God is preparing me for the rest of my journey. In a few days, I will begin the new work with this church among those I affectionately refer to as the "super" seniors! Little did I know a month ago how much I needed to learn before attempting this new direction in ministry. God has taught me so much in a short amount of time!

Over the past few days I have learned that asparagus does not taste bad at all! I have learned we all have our needs (my room mate is both non-hearing and non-vocal) which provides others the needed room to be a blessing. I have seen marvelous changes in people's lives as they continue in therapy to become more self-sufficient on a daily basis. I have learned never to take good health and prosperity for granted! I have learned one does not get very far on a stationary bike, but muscles can be revived with a lot of painful exercise. Yes, dear God, I have been listening!

So, as we begin this new ministry of caring, compassion and concern, please, lift me up in your prayers that God's instructions will not be in vain. I look forward to sharing with you very soon how this ministry will affect the lives of any of our very "super" saints!

Love you all, Bill

23rd Annual Wood County Life Chain Sunday, October 2, 2016 - 2:00 PM

We will once again be standing on both sides of Grand Central Avenue between Lakeview Drive and Sam's Club holding signs that state "Abortion Kills Children".

The Life Chain is a peaceful and prayerful public witness of Pro-life Americans standing for one hour praying for our nation and for an end to abortion.

## Church on the Hill

Geoffrey Njoroge - Meru, Kenya August/September 2016

#### . . Time to Relocate

- I started the Machegene congregation last year.
   The congregation has been meeting in a rented building at the local market place.
- Finally we have leased a piece of land and built a temporary church building away from the market place.
- I have studied the Bible with a man called Jeremiah since my return from Ethiopia.
- Jeremiah now preaches in my absence.

### ... The church building on the hill

Hopefully,

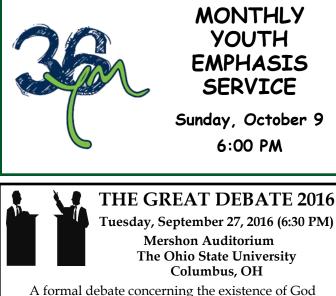

... we will be able to complete this church building by putting in place the doors and windows.

... we will be able to purchase plastic chairs and replace the wooden benches soon.

... we will be able to hold our planned campaign when schools close in October and teach the public about the New Testament Church.

... please help us pray.

(this is an excerpt from Geoffrey's latest newsletter. The complete newsletter can be viewed on the website, or you can pick up a copy at the visitors desk.)

## "The Church Jesus Built"

With so many churches in town, how do we know which one is what God wants?

In this first lesson for this series, we're examining the church Jesus built as it is described in the Scriptures.
